

EganSystem

202 Collection

Writing & Projecting Surfaces

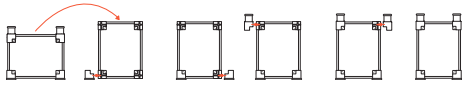

- EVS™ Magnetic
- EganBoard Porcelain
- Contemporary Track System
- Versatile Design

Your walls have never looked so good

EganSystem 202 Corner Mounts

EganSystem EVS Markerboards and Tackboards are 36" x 48", with 202 mounting hangers and corner blocks uniquely designed to simply snap on and off the component corners. This allows portrait or landscape presentation changes, in-the-field, without the use of tools.

Surface Options

EganSystem EVS Markerboards are available with EVS Write Magnetic dry-erase surface or EganBoard Porcelain. (see below for details on EVS).

Boards are double-sided and can be specified with EVS or Porcelain surface on both sides, or a combination of EVS/Fabric or Porcelain/Fabric.

Egan Tackable Fabric

EganSystem 202 Tackboards are standard in EganFabric, a stable polyester fabric, in a neutral color that complements the full range of standard and Custom Color finish choices.

Egan has a synergy program with Maharan Fabrics to offer thousands of optional tackable fabrics. See pricelist for details. C.O.M. (Customer's Own Material) requirements may be coordinated through Customer Service. A sample is required for approval prior to order acceptance. See the current 'Egan Price & Specification Guide'.

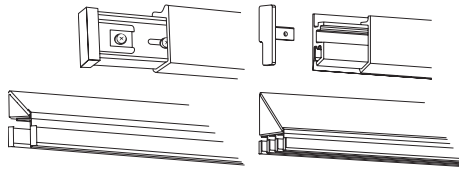

Sheer Strength

EganSystem track has exceptional load-bearing capacity over the length of the track.

EganSystem EVS Components

- 36" x 48" Marker/Tackboards (reversible)
- 60" w x 48" h EVS Projection Board (one-sided)
- Friction Grips and Variable Tension Clips
- Adjustable Flipchart Holder
- Retractable Projection Screen
- Reference Shelf
- EganCloth Caddy/Pen Tray
- Mobile Storage Cart

Four Track Options

SystemTrack

Linear track, in 8' lengths, mounts on any wall. Track components are safely and easily suspended.

GripTrack

SystemTrack, in 8' lengths, with a built-in paper holder to suspend flipchart sheets, drawings, maps or memos. Required with EganOffice where security locks will be specified

TwinTrack

Two-track version of the System Track holds up to five panels per 10' length.

MultiTrack

Four-track version of the System Track holds up to nine panels per 10' length.

Reference Shelf

The addition of a EganSystem Track 29" from the floor frames the entire presentation wall, creating a distinctive design statement. Position a Reference Shelf at any location along the lower track to hold presentation tools and reference material. Available in Wood Veneer or Etex finish. Presentation Rail (not shown) in clear Aluminum only. See the current 'Egan Price & Specification Guide' for details.

EganGrip

Add an EganGrip to increase markerboard functionality. EganGrip combines a roller and gravity to form a paper grip. Just push up to insert. To remove, simply curl up and out. 21.5" – 93.5" wide, with five mount options.

- EVS and EganBoard porcelain are designed with slightly different shades of white. When installed side-by-side, the difference in hue is noticeable.
- PermaGrid is available on the Porcelain surface only.
- Custom Color options, see the Color & Finish Guide in the current 'Egan Price & Specification Guide'.
- Custom Response Program details, see the current 'Egan Price & Specification Guide', contact Customer Service at 1-800-263-2387, or visit www.egan.com/custom/

Instant Ship

EganSystem 202's are available with 2 business day or 24 business hour shipping - quantity orders ship within 10 days. See price list for details.

The unique tool for generating, capturing and presenting ideas.

EVS is a matte-finish material, available in EVS Write or EVS Projection surface finishes and is offered on lightweight honeycomb, steel (accepts magnetic accessories) or SmoothMount EganWall laminations. EVS is guaranteed to clean and offers high-performance durability.

Honeycomb Core

Take the EVS Test-Drive

1. Write on the EVS surface with a dry-erase marker.
2. Wait a minute, then erase. Use the amazing EganCloth for the best results... it eliminates ghosting and dry-erase dust.
3. If you used a permanent marker by mistake, grab a dry-erase marker and use it to scribble directly over the permanent marking, then just wipe it clean.
4. EVS Projection also features a low-gloss surface that is ideal for projection.
