EVS Magnetic Markerboards

EVS

Egan Markerboards are standard with EVS Write Magnetic, a guaranteed-to-clean dry-erase whiteboard surface, that accepts magnetic accessories. See the back page for more details on EVS.

EganCloth™

The perfect markerboard cleaning tool. Our fabulous 16" x 12" EganCloth virtually eliminates dry-erase dust and ghosting, and keeps EVS and porcelain surfaces spotless. Available individually or in packages of 12 or 24.

MES4848 shown with 18" magnetic EganGrip

Bullnose wood frame.

Square-mitered aluminum frames in a variety of custom colors.

Magnetic Solution

Egan offers the definitive collection of guaranteed-to-clean markerboards designed to accept magnetic accessories. Egan Magnetic Markerboards feature EVS Write Magnetic surface or EganBoard Porcelain on steel.

Design & Finish Options

Egan Markerboards adapt to any design environment.

Frame options include:

- Eased-curve aluminum frames
- Square-mitered aluminum frames
- Bullnose Wood frame

Custom colors and stains are also available, see the

Color & Finish Guide in the current 'Egan Price & Specification Guide'.

Custom sizes are available through our Custom Response Program. The Custom Response Program is designed to encourage specialized product development. Our manufacturing systems provide for variations and custom solutions.

EganBoard Porcelain Markerboards

MDMB4848 shown with 18" magnetic EganGrip.

Porcelain

Egan also offers the traditional EganBoard Porcelain on steel writing surface.

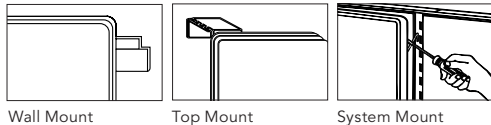

EganGrip

Add an EganGrip to increase markerboard functionality. EganGrip combines a roller and gravity to form a paper grip. Just push up to insert. To remove, simply curl up and out. 21.5" – 93.5" wide, with five mount options.

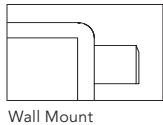

Mounting Options

Egan Markerboards are available in wall, top or panel system mount. (Due to weight restraints, 72" w x 48" h and 96" w x 48" h are not available with Top Bracket or System Mount.)

Aluminum Frame Mount

Wood Frame Mount

Eased-curve aluminum frames in a variety of custom colors.

Bullnose wood frame with PermaGrid Porcelain. (PermaGrid available in Porcelain models 26" x 36", 32" x 48" and 48" x 36" only. Not available in EVS.)

Linked Markerboards and Tackboards

Egan also offers "Linked Markerboards and Tackboards" to create a superior quality writing and communication wall 24" through 96" high to your specified width. See Egan's 'Price and Specification Guide' for further details.

Egan Fabric Tackboards Wood and Aluminum Frames

EganFabric is standard

Add a matching tackboard to complete the picture. Egan Tackboards are covered in EganFabric, a stable polyester fabric, in a neutral color that complements the full range of standard and Custom Color finish choices.

Egan has a synergy program with Maharam Fabrics to offer thousands of optional tackable fabrics. See pricelist for details.

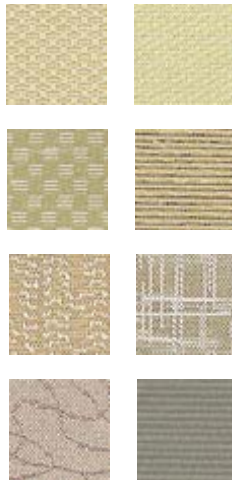

C.O.M. (Customer's Own Material) requirements may be coordinated through Customer Service. A sample is required for approval prior to order acceptance. See the current 'Egan Price & Specification Guide'.

Instant Ship

Most of our Markerboards and Tackboards are available on our Instant Ship Program, quantity orders ship within 10 days. See price list for details.

Available Formats

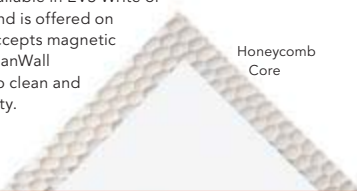

Both EVS and EganBoard Porcelain Markerboards ship with specified mounting bracket, an EganCloth™, four markers (red, green, brown and black) and one pen tray per configuration (not shown). EVS and EganBoard porcelain are designed with slightly different shades of white. When installed side-by-side, the difference in hue is noticeable.

Wood Selection

eVS™ The unique tool for generating, capturing and presenting ideas.

EVS is a matte-finish material, available in EVS Write or EVS Projection surface finishes and is offered on lightweight honeycomb, steel (accepts magnetic accessories) or SmoothMount EganWall laminations. EVS is guaranteed to clean and offers high-performance durability.

Take the EVS Test-Drive

1. Write on the EVS surface with a dry-erase marker.
2. Wait a minute, then erase. Use the amazing EganCloth for the best results... it eliminates ghosting and dry-erase dust.
3. If you used a permanent marker by mistake, grab a dry-erase marker and use it to scribble directly over the permanent marking, then just wipe it clean.
4. EVS Projection also features a low-gloss surface that is ideal for projection.
