Egan Screen Door

Control traffic, create privacy, easily

Working in teams makes sense, managing workspace for teams and individuals requires flexibility.

Egan Screen Doors control traffic and provide privacy, offering creative functionality and an array of appealing design options. Egan Screen Door may also be specified in custom widths in volume orders.

Available widths:

36", 42", 48"

Available heights:

54", 60"

VCD4260FF

42"w x 60"h, tackable fabric 2 sides,
lower perforated steel panel.

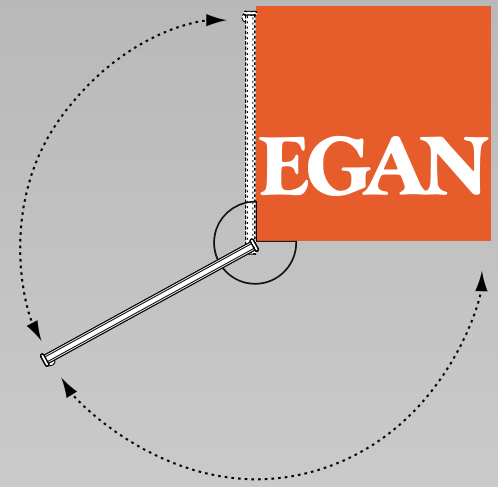

VCD4260EE

42"w x 60"h, EVS 2 sides,
lower perforated steel panel.

**Working in teams makes sense,
managing team workspace requires flexibility.**

Egan Screen Door has the flexibility to fit into any office panel system installation.

Universal fit trip-free 360° rotating base. Available in 54" or 60" heights, 36", 42" and 48" widths, and custom widths in volume orders. Guaranteed-to-clean EVS™ dry-erase surface and thousands of fabric options to integrate with all panel system passage ways.

Door swings on a low-resistance spherical caster. Optional perforated steel lower panel at a standard 24"h increases air circulation.

Panel options include:

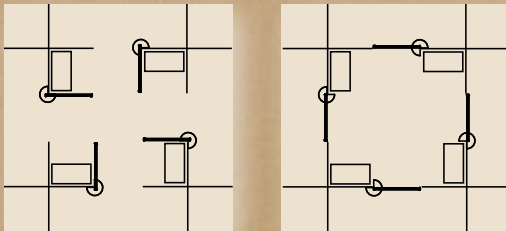

The guaranteed-to-clean dry-erase presentation surface

VCD4260FF

Egan Screen Door swings to redirect traffic. Fold away or close to create privacy.
