Dry-Erasable. Guaranteed-to-Clean. Easy Install. Easy Re-Install.  
Custom sizes and shapes – Patents Pending – Egan Visual Inc., Questions? [www.egan.com/jot](http://www.egan.com/jot)

### Overhead bins, hutches — Even the back of a door!

Any clean, hard surface can be used. Add a To-Do list on the back of a door. Create a jot space anywhere you desire in just a few moments.

### Glass

Keep things clear when Versa<sup>Jot</sup> is applied to both sides of transparent office partitions and windows. Versa<sup>Jot</sup> can be re-installed quickly by lifting with a sharp edge and peeling it from the surface then moving it to a new location.

### Re-Surface

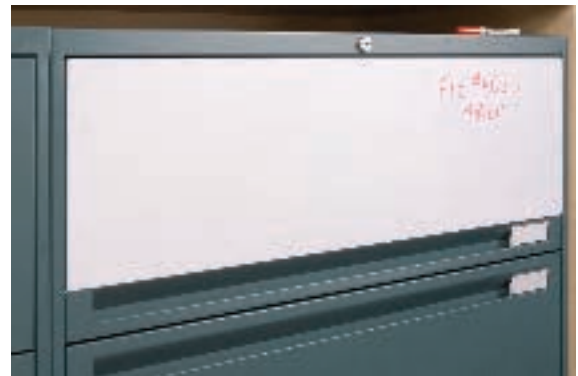

Versa<sup>Jot</sup> may be applied over existing installations like chalkboards.

**Easy to Install**  
**Easy to Re-Install**  
**Dry-Erase**  
**Guaranteed-to-Clean**  
**Versatile Versa<sup>Jot</sup>**

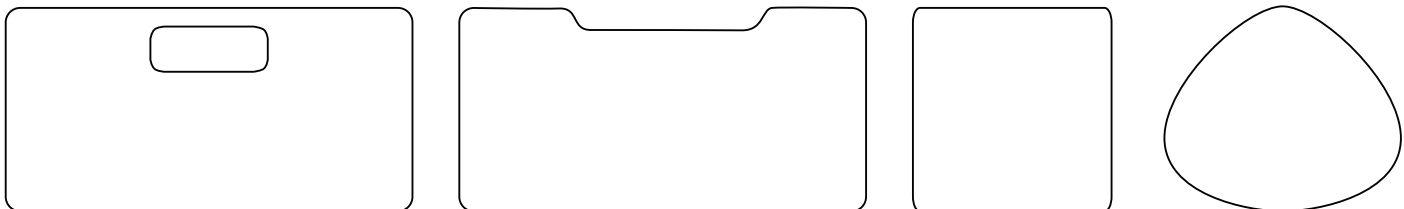

**Award winning heritage**  
 Versa<sup>Jot</sup> is made from the same EVS material as EganWall Presentation Wallcovering, winner of the 2006 Best of Neocon Gold and Innovations awards.

**File Cabinet — Dust-Free Markerboard in seconds**

Any clean, hard surface can be converted into a dry-erase markerboard. Remove and re-install several times. There is no residue to clean up and by using EganCloth to erase your notes there will be no dry-erase dust either!

**Custom shaped and sized to your exact specification — No extra charge!**

Egan Versa<sup>Jot</sup> is offered in custom shapes and sizes on a square footage basis. Available in packs of 10 based on design areas of 1 sq. ft. to 6 sq. ft. Create your shape in a vector drawing program like AutoCad<sup>®</sup> or Adobe Illustrator<sup>®</sup>. Knock-out or notch option helps you access locks and handles. Engineering charges will be applied to orders without correct file format.

**Easy Installation, Removal and Re-installation!**

Hard surfaces must be clean and smooth with bumps and imperfections removed. Peel the protective backer off Egan Versa<sup>Jot</sup> and apply to surface. On larger installs place one edge down first and gently roll Egan Versa<sup>Jot</sup> into contact. Squeegee surface to ensure strong bond and remove any trapped air bubbles. Remove with a sharp edge to lift Egan Versa<sup>Jot</sup>. There is no residue. Re-install or store for later use. Protect the pressure sensitive adhesive with the optional Egan Versa<sup>Jot</sup> backer.
