Quality Installation

Hire a Qualified Installer

Qualified Installers Understand:

- Installation surface evaluation
- Proper squeegee technique
- Appropriate tool selection

Contact your local Egan representative to locate a Qualified Installer, or contact Egan Customer Service:

Don't Forget EganCloth!

Use the EganCloth to remove dry-erase markings.

The EganCloth traps dry-erase dust, keeping it on the cloth and off hands, clothing, walls and carpets.

Used a permanent marker by mistake? Take an EganMarker, scribble over the permanent marking, wait a minute, then use an EganCloth to clean.
